

The Seed Industry = Job Opportunity!

There are **52,000 new jobs** in agriculture each year, and most of them are *not* on the farm. Whatever your interests are — there is a career for you in the **seed industry!**

- Earn a great salary
- Utilize your own interests and talents
- Travel the country *and* the world
- Help protect the environment and increase the global food supply

Grow your future with seeds ... and be part of a profession that is changing the world!
